Embosser Directions

When ordering your embosser, please specify which direction you will be using it.

Seal Embossers

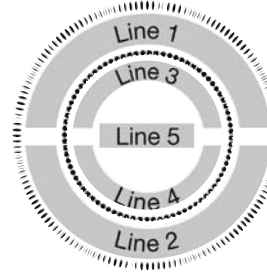

Stationery Embossers

The Reversible Pocket Embosser is similar to the pocket model, but will emboss both letterhead and envelope flaps.

Embosser Line Setup

When ordering your embosser, follow the guidelines below for maximum lines and characters available on 1 5/8" and 2" seal embossers

1 5/8" Seal

Line No.	Max # of Char.
1	21
2	21
3	14
4	14
5	8

Lines 1 & 2 based on 10 point type; Lines 3-5 based on 8 point type

2" Seal

Line No.	Max # of Char.
1	23
2	23
3	14
4	14
5	8

Lines 1 & 2 based on 12 point type; Lines 3-5 based on 10 point type

Seal Embosser Formats

When ordering your seal embosser, please specify a format from below. Shaded areas denote customizable parts of the Embosser.

E9*
Initials available only in typestyle shown

E10**
Initials available in any typestyle shown on page 35

Production time: 2 working days

Ordering instructions can be found on page 36. Typestyles are shown on page 34 for custom embossers. Typestyles are shown on page 35 for formatted embossers. Formatted Embossers are produced using a metal die. When ordering a Personalized Formatted Embosser, please follow the line setup shown above or indicate the format number shown above. Custom Embossers are produced using a heavy-duty Delrin (plastic) substrate. If you prefer a metal die, please request a quote. When ordering a Custom Embosser, please provide camera ready art. Please specify one direction from which you will be using your embosser. Recommended paper weight: 20 lb. or lighter. Pocket Seal Embossers include a free vinyl pouch. Embossers are available as a notary for an extra charge of \$4.40 (Item Number: NOTARY). All notary seals will be typeset per the specifications of the state.

Production time: 3 working days

Ordering instructions can be found on page 36. Typestyles are shown on page 34. Fastener Options: Each badge includes either a pin, swivel clip or military tack unless otherwise noted above. If no fastener style is indicated, a pin will be included. Badge fasteners are not attached when shipped from producing location. Other fastener styles can be found below. *Measurement is taken from the highest point to the lowest point of the badge shape. Shape Badges do not come with a beveled edge. If a beveled edge is desired, please indicate on your order blank.

ClearColor™ system

Contemporary ClearColor™ name badges are available in two sizes and four distinct colors. Each badge comes with a clear high-gloss lens & fashionable rounded corners that provide an elegant look and feel. Design your name badge with custom full color images and logos.

*Available in upper/lower case only. †Not available on banners or magnetic signs. If a typestyle is not indicated when ordering, B07C (Gothic Caps) will be used.

*Available on logo stock only.

Ordering Instructions

1. Proof: If you check the box for a proof, you will be charged \$15.00 and a proof will be emailed or faxed to you.
2. Quantity: If none is indicated, one will be made.
3. Item Number: Indicate item number to designate which item will be ordered.
4. Extra Charges, Additional Fasteners or Sign Holders: Indicate item number of any extra charges you'd like to add to your product. Also use for ordering additional fasteners or additional sign holders.
5. Typestyle: Indicated a typestyle from page 34-35. If a typestyle is not specified, 43C or B07C (Swiss Caps or Gothic Caps) will be used for all products unless an exception is noted. Maximum number of lines and characters for stamps are based on 8 pt. Swiss Caps. Please contact customer service for information on any other products.
6. Logo or Format Number: When ordering a Stamp, Logo Badge or Sign with a logo, indicate a Stock Logo number from page 35. You may choose to submit camera ready art. When ordering Round Stamps, Round Daters or Embossers, select a format shown on the product's page. A wider variety of logos is available at www.Navitor.com
7. Embosser Direction: Specify one direction from which you will be using your embosser: top, bottom, left or right of the paper for a Seal Embosser; from the top or the bottom for the Stationery Embosser. If a direction is not specified, the Seal Embossers will be made to be used from the left and the Stationery Embossers from the bottom. See page 15 for examples.
8. Finished Size: If ordering a Rubber Stamp, Sign or Badge of a different size not found in this catalog, call for a quote and indicate the finished size of the product.
9. Ink/Lettering Color:

Stamps: If an ink color is not specified for Stamps and Date Stamps, black will be used. Special exceptions may be noted by certain Stamps. Certain Date Stamps are available with two ink choices. Indicate copy and date color choices in Special Instructions. If no ink colors are selected, defaults will be used. Refer to defaults per item.

Plastic Badges & Signs: If a plastic color is not specified, S6 (Black Sign with White Lettering) will be used.

Banners & Magnetic Signs: If colors are not specified, Black with White letters will be used on Economy Banners and White with Black letters will be used on all other Banners and Magnetic Signs.

Sign Holders: If a sign holder color is not specified, Gold will be used on Metal Holders, Clear will be used on Plexiglass holders and Black will be used on Plastic Holders.
10. Plastic Stock Color: Indicate color combination from page 29 to be used for engraved badge or sign.
11. Information Desired on Product, Special Instructions: Please print or type clearly in the space provided. Attach an additional sheet if necessary. Use this space to also indicate any special instructions or logos. Indicate all typestyles used on this order. All copy is typeset to fill stamps and all other products will be produced using our discretion unless otherwise noted in Special Instructions. Please attach a sample whenever possible.

Wall/Door Sign Mounting: Choose from Adhesive Backing, Foam Tape, Drilled Holes (screws not included), Magnetic Stripping (extra charge), Velcro® (extra charge). With Velcro®, specify hook (used for cubicle walls, etc.) or loop side when ordering. If not indicated, hook side will be used. If a mounting option is not indicated, adhesive backing will be used.

Multi-Color Orders: Please include color separations.

Custom Artwork Guidelines: For complete guide, see www.Navitor.com

 - You will need to provide clean, black and white artwork scaled to fit the impression area.
 - Artwork for Economy & Durable Cut Vinyl Banners should be scaled down to 11"x17".
 - Photocopies or faxes will only be accepted for signature stamps.
 - Art must be at least 600 dpi.
 - Screens are not available on all items.

We accept electronic art created in the following applications:

Adobe® Illustrator®, Adobe® Photoshop®, Adobe® InDesign®, CorelDraw®, Free-Hand® and QuarkXPress®.

Full Color Artwork Guidelines

- Creating your Full Color Process Files as Adobe® Acrobat PDF files: Create one item sized correctly per document. Please name the PDF you send without punctuation of any kind (except .pdf) and keep file names short.
- Fonts: All fonts must be embedded OR using your illustration program, convert all text "to curves" or "create outlines" in your files. Never use the stylization palette to bold, italicize, add drop shadow to or put outline on your fonts. If you are using fonts not owned by Navitor, outlines must be created in an illustration program before submitting your artwork.
- Bleed Requirements: Unless otherwise specified, .125" (1/8") should be allowed on all sides.
- Graphic Requirements: All placed graphics and images need to be high-quality, colored according to our guidelines for the product ordered. Whenever possible, place vector images into the layout before converting to a PDF. Please be aware that when changes need to be made to placed images (coloring, mode, etc.), there is the possibility of the quality being compromised.
- Full Color Process Color Requirements: Every element of the file must be colored with process CMYK colors. If RGB or other non-CMYK colors are used in your files, the necessary conversion to CMYK will change the appearance of the colors when we print, sometimes dramatically.
- Printing Black: To ensure the best possible results for your order, it is important to use printing black (C80%, M80%, Y80%, K95%) where large areas of black will be printed. If the CMYK mixes used in your file do not use Printing Black, we will use the file as is and print with no guarantees.
