

Durable Outdoor Labels

Outdoor durable labels are designed to withstand the toughest elements while maintaining clarity and legibility.

Common Applications/Uses:

- ▶ Ideal for product labeling and branding in industries such as automotive, agriculture, construction, and transportation
- ▶ Used for labeling outdoor products such as garden supplies, sports equipment, and recreational gear
- ▶ Essential for labeling outdoor packaging and containers, ensuring product information remains legible and intact despite exposure to weather elements
- ▶ Apply outdoor labels to outdoor furniture, such as tables, chairs, and benches, to provide weather-resistant branding or instructional information
- ▶ Communicate warranty information and dates of service

Features

- Choose white polyolefin or clear, gold, silver, or yellow polyester
- Spot or Full Color (inks are not fade-resistant)
- FREE gloss lamination provides protection against moisture, scratching and outside elements.
- Black, Reflex Blue and Process Blue are naturally fade-resistant
- Sunscreen lamination is recommended to extend the life of your label
